The following statistics regarding the average production per acre of land in the different states has been prepared by Mr. C. H. After a thorough test conducted at Kansas City, under the most rigid governmental supervision, the serum discovery by Dr. M. Dorset, a government specialist, for the prevention of hog cholera, was demonstrated to be a prevention. It will add many a dollar to the farmers of the country.—Ocala Banner.

Back to the farm, garden or grove seems to be the order of the day everywhere. Many of Bradentown's leading business men are branching out this season into trucking as a side line.—Bradentown Journal.

Dr. Rogers has a mushroom farm at Crystal river. He will grow the edible sort and sell at the fine tourist hotels for 70 cents a pound. All Florida will watch the financial success of this venture.

The Phoenix club, a Jacksonville social organization, has purchased the Pollak residence, located on Beaver street, in that city, for the sum of \$18,000.

A large delegation of Sea Island cotton growers of Florida will attend the convention of those engaged in that industry at Valdosta, Ga., on the 17th.

The Clyde Line Steamship Company will spend over a half million dollars in the erection of terminal docks and new buildings on the St. Johns river at Jacksonville.

NATURE TELLS YOU.

As Many a Live Oak Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Live Oak people testify to this. E. S. Tullock, Howard street, Live Oak, Fla., says: "I first used Doan's Kidney Pills when living in Greenville, Tenn., and at that time they cured me of a severe case of kidney trouble. I was not bothered again until I came to Live Oak. The drinking water here had a bad effect on my kidneys and the kidney secretions became very irregular in passage. I at once procured Doan's Kidney Pills from the Suwannee Drug Co. and they corrected the difficulty. I am glad to give Doan's Kidney Pills my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Hickory Sink Items.

The farmers in this vicinity are busy just now in breaking corn and picking cotton. They all have very good corn crops, but the cotton crop is very short.

The angel of death has again seen fit to visit our community and take from our midst, Mrs. William Wheeler. Mrs. Wheeler was very old and had been in bad health for many months. She leaves a husband and five children, besides a host of friends, to mourn her death.

Mr. Miller is conducting another singing school at Hickory Sink school house.

Mrs. Ella Johnson and her accomplished daughter, Mabel of Mayo, are visiting relatives here for a few days.

Rev. A. D. Wilder filled the pulpit at Evergreen church last Sunday and delivered an able sermon.

Rev. S. D. Huggins spent Saturday and Sunday with his church.

The boys around here attended all the W. O. W. meetings and they claim to have had a fine time, but some of them seem mighty dull for several days after they rode the "goat." I don't think they call that fun.

Wonder what young man is trying to "turn good for evil?" That will never do to win a wife with.

STRANGER.

Knights of Pythias was held at Park Meade on August 1st. The next quarterly meeting

Beachville Items.

Everybody is busy picking cotton and gathering corn. Cotton crop short but plenty of corn and pinders, so if nothing happens we will have hog and hominy.

Bob Atwell spent several days at Beachville this week visiting his daughter, Miss Grace.

Frank Beach and Miss Myra Odom spent Sunday with Mr. and Mrs. Sealy Sweat.

Sanford Beach has improved the looks and comfort of his home very much by erecting a nice chimney, and according to his statement it must be a good one, as he says it drew a pillow off the bed and up the chimney at a distance of eight feet from the fire place.

H. W. Odom and family are with us again. They have decided that they can't find a better place, so they have moved back. We are very glad to have them with us.

Mr. and Mrs. J. A. Cason gave a pound party at their home Friday night in honor of his niece, Miss Grace Atwell. All report a most pleasant time. Those present were: Mrs. John Hatcher, Mrs. G. B.
